

PHYSICS

Atomic Physics

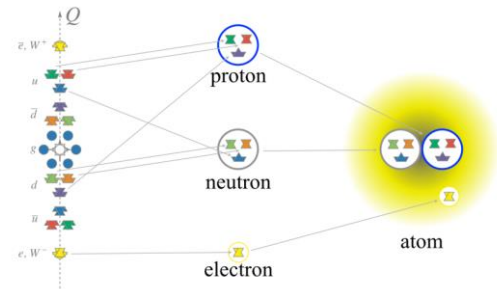

Spring Workshops 2018

The Spring Workshops are designed to:

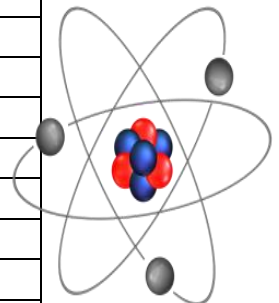

- Enable teachers enhance the students' understanding of Atomic Physics
- Give teachers the opportunity to engage in some relevant hands-on activities
- Provide a forum for teachers to share and discuss the ideas encountered
- Create an environment whereby teachers can learn from each other
- Promote an inquiry based approach to teaching and learning
- Include teacher discussion on how active learning methodologies can be used to inform the implementation of a project-based learning approach with a focus on atomic physics

*A **Resource USB** focusing on **Student centered activities** and **Visualisation techniques** will be available **free** to participants on the night*

Dates and venues are listed below. The workshops take place from 7.00 to 9.00 p.m. each evening
